

SELF-HELP GROUPS

Palasa Paul - a SHG beneficiary of Buwuma East

Palasa Paul is a resident of Buwuma East - Buyagaya Subcounty (Jinja District) and a beneficiary of FABIO's Self Help Group there. He is aged 32 years and has 7 children.

This is his story:

This saving-group is hope to many of us. We can save money, we can easily acquire loans and due to the bicycle we can freely access any place we want without spending money.

Previously, getting a loan was a very hard thing - all these requirements and security. But I am glad that being a member of this group has made me think big in terms of investments.

I acquired a loan of shs 160,000 and onto it I topped up shs 40,000 which I used to buy a pig. I am happy to say that it gave birth to 8 healthy piglets. With this start, I envisage a huge project ahead.

To me being part of this group is a golden opportunity. I hope to soon be able to afford a better life for my family. Thank you to FABIO for making this possible and supporting our group all the way.

“ I wish that FABIO will be able to keep this project running for long. It has really affected my life quality and gave me new hope.
